

# 5W30 FULLY SYNTHETIC API SN/CF

### **Product Description**

AM Synthetic Gasoline Engine Oil is a fully synthetic motor oil. Formulated from synthetic base fluids and selected additives to exceed API SN/CF standard. It provides excellent thermal and oxidation stability, excellent deposit control and fuel economy. It contains enhanced detergents, dispersants, anti-oxidants, and anti-wear and corrosion prevention properties. AM Synthetic Gasoline Engine Oil is recommended for all modern technology gasoline engines.

#### Features & Benefits

- Excellent Enhanced thermal and oxidation stability reduced engine deposits, build up of harmful.
- Excellent control sludge and deposit produced in hot zones within an engines
- Enhanced anti-wear properties reduced wear which can lead to lower maintenance costs
- Longer engine life and reliable operation
- High viscosity index and shear stability
- Enhanced high and low temperature protection in severe driving conditions
- Low viscosity formulation supports fuel efficiency requirements and delivered excellent cold start protection and faster flow at start up.

## **Product Description**

• API SN Plus, SN/CF
